

PROVIDER CREDENTIALING SERVICE

HELLO,

*we are your expert in
providing the right solutions
for your provider partner
business.*

Tejas Next Health can
provide:

Continuous credentialing with 3-year
re-credentialing by Committee review.

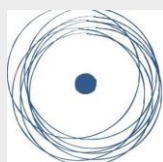

At the 3 year mark, every provider is
sent to the Committee once again.

Ensures that no provider with Sanctions
is in contact with patients without proper
review first.

Expiration notices are sent out at 90
days, 60 days, and 30 days as a standard
practice.

Notice is prepared and sent to the
appropriate credentialing or HR Center
representative for follow up directly with
the provider.

Upon Committee review, we will send
notice back to your Center representative
with the disposition.
